VILLAGE OF  
**SOUTH CHICAGO HEIGHTS**

November 1, 2019

*Village President*

*Terry L. Matthews*

To Mayor Terry L. Matthews  
and Honorable Members of the  
Board of Trustees

*Trustees*

*Tracy L. Bosco*

*Eugene G. Fazzini*

*Terry Fiorenza*

*Araceli H. Marrufo*

*John M. Ross*

*Eric R. Stanton*

Management is pleased to submit the fiscal year 2020 recommended Budget for the Village of South Chicago Heights. This document comes as a result of a management team effort. All department heads played key roles in formulating recommendations for our programs, activities and expenditures for the coming fiscal year.

*Village Clerk*

*Catherine Linan*

### **Budget format**

*Village Hall*

*755-1880*

Most operations of the Village are concentrated within the General Fund, and the fund structure closely approximates GASB Statement 34 reporting structure. The budget is presented in sections that detail fund revenues and expenditures, along with fund summaries that are similar to the annual financial statements. Also three fiscal years of prior actual data are presented along with the current fiscal year's approved budget and expected actual amounts. Columns for the proposed fiscal year show figures for Department proposed, Management recommended and final Board approved.

*Police Dept.*

*754-7131*

*Fire Dept.*

*755-9589*

### **Overall budget summary**

*Senior Center*

*755-7903*

*Public Works*

*755-7888*

For fiscal year 2020 management is proposing an operating budget, with overall revenues estimated at \$9,441,175, and recommended expenditures of \$9,918,835. This amount represents a 23.8% increase from the approved fiscal year 2019 operating budget. The "operating" portion of the budget consists of the General Fund, three Special Revenue funds, the Debt Service Fund, and the Village's three enterprise funds - the Water Fund, the Sewer Fund and the Property Management Fund. The Police Pension and Firefighters Pension funds stand on their own in the budget presentation so that the Village Board of Trustees can exercise its fiduciary oversight. The net of operating revenues and other sources (\$6,314,800) over operating expenditures and other uses (\$6,410,516) for the General Fund, the primary operating fund of the Village, results in a \$95,716 budgetary deficit for the fiscal year. This deficit results from a planned draw down of police forfeiture revenue received in prior years that will be used to fund qualified FY 2020 expenditures. Excluding these items, the General Fund would have a budgetary surplus of \$34. Most of the other funds also operate on "break even" basis, or rely on a transfer from the General Fund to offset any operating shortfall. This is expected to leave the Village with a December 31, 2020 total fund balance of \$6,242,789, excluding the pension funds.

The goal in preparing the fiscal year 2020 operating budget was to maintain the current levels of services while staying within the constraints of available revenues, while also beginning to tackle some long-deferred capital needs and to recommend a balanced budget. Changes to the current operating departments and activities are limited to the closing of the Non-home Rule Sales Tax Fund, and rolling that revenue source and the previously accumulated fund balance from it into the General Fund.

Improvements in revenues are anticipated only for a few certain sources (notably, limited capital grants and loans), and are not sufficient to provide a long-term solution to the Village's long standing issue of funding the replacement of deteriorating infrastructure. For fiscal year 2020, we are recommending revenue estimates similar to those actually experienced for Fiscal Year 2019 with variations in individual sources where warranted, rather than anticipating any significant new sources, except as noted above. We are again using the Illinois Municipal League's estimates for certain state shared revenues which confirm our documented trend that some long-standing shared revenues are being chipped away in order to stabilize State finances.

Management is recommending few adjustments to full-time staffing for fiscal year 2020. In the Police Department, management recommends bringing full-time staffing of police officers to ten (plus the Chief) and reduce the number of shifts currently filled by part-time officers. It's probable that one to two full-time police officers may retire during 2020, so the best-case scenario is for the new hires and replacement officers to be fully-trained lateral hires. Fire Department staffing is unchanged although adjustments to overnight shift pay is proposed and recommended. Public Works and Administration staffing levels are unchanged, however vacant positions within each department remain to be filled. Management is not recommending an across the board cost-of-living adjustment for non-union personnel, but will continue with a merit based evaluation and wage adjustment system. Other than the Police collective bargaining unit, the cost of projected wage adjustments is not shown in each department's budget but rather as a lump sum allowance amount under General Fund Contingency. Management is recommending an increase in the amount that employees contribute to offset the cost of group medical insurance to a flat 7% for all HMO participants from the current 6% beginning with the plan renewal on July 1, 2020.

## **Revenue summary**

Total revenues for fiscal year 2020 are estimated at \$9,441,175 for all funds, an increase of \$1,466,220, or 18.4%, from fiscal year 2019's budgeted amount, and \$1,200,545, or 14.6% less than that fiscal year's expected actual amount.

Estimates of revenues were performed on a line-by-line basis, rather than an across the board percentage change from the prior year, while significant budgetary and economic assumptions follow the conservative path established over three year trending. An analysis of the significant revenue sources follows, to explain the year-to-year change.

**Local Taxes** - The foundation of the Village's revenue base is its local taxes, primarily real estate and utility taxes, which together make up 27.6% of total annual revenues.

*Real Estate Taxes* - Our largest revenue source, real estate taxes, represent 18.9% of total operating revenues. As a home-rule government, the Village is no longer subject to caps on real estate tax increases, however the FY 2020 real estate revenue estimate retains the spirit of tax caps. For FY 2020 property tax revenues are expected to increase \$54,950 from FY 2019's budgeted amount.

In addition to the general property tax levy, the Village also receives real estate taxes for the Chicago Road Tax Increment Financing Areas Number 1, Number 2 and Number 4. TIF revenues began a rebound starting in 2018, increasing 75% from the prior year, and 2019 results are expected to be very similar. The estimates for fiscal year 2020 are for the areas to maintain the recovery, but conservatively, with only incremental growth beyond the 2018 and 2019 levels

*Utility Taxes* - These revenues, which represent 3.8% of the operating budget, can be weather dependent and vary from year to year. For fiscal year 2019 we have forecast electric and gas utility taxes to remain in their normal ranges.

**Intergovernmental Taxes** - A slightly smaller, but still significant source of revenues are intergovernmental taxes such as sales tax, income tax, motor fuel tax, use tax and personal property replacement tax. These make up 24.5% of total operating revenues. In the past we used analysis provided by the Illinois Municipal League to forecast of these state distributed taxes, however with our change in fiscal year dates, IML figures were not available. For 2020 we used internally computed trends to estimate FY 2020 revenues from Intergovernmental Taxes.

*Income Tax* – Income taxes have been volatile in recent years which makes estimating difficult, but IML guidance is indicating a positive swing. For FY 2020 we are estimating a \$17,000 increase from the FY 2019 estimated amount, however that figure is basically the same as the 2017 actual and \$55,000 more than 2018.

*Sales Taxes* – The municipal share of State Sales Taxes have recovered after declines since peaking in 2015. For fiscal year 2020 we are conservatively expecting 2.0% growth for both the State and Non-home Rule taxes.

*Motor Fuel Tax* – Motor fuel taxes are the most significantly changed shared revenue for 2020. In mid-2019 the State of Illinois began disbursing a second MFT allotment each month, corresponding to the increase in the State tax rate. While we are not quite realizing a doubling of prior revenues, the increase has been notable and will provide the basis for future street improvement projects. The 2020 estimate is 81% higher than the 2019 budget amount.

*Other Intergovernmental Taxes* - The forecasted Telecommunications Tax, Use Tax, Personal Property Replacement Tax allocations and Video Gaming Tax, are not expected to increase much from the 2015 – 2017 trend, although Telecommunications Taxes have seen a notable decline in last three years. Combined, these taxes are estimated at \$7,000 higher than the FY 2019 budgeted amount.

**Charges for Services** - This source of revenue is 22.1% of our total and includes water sales, sewer charges, garbage charges and other municipal fees for services.

*Water sales and sewer maintenance charges* – In 2018 The Village adopted a plan for water rate increases through the end of the supplier contract with the City of Chicago Heights. Customer rates are scheduled to increase 4.45% each year, based upon an assumption of adjustments by the provider - the City of Hammond. These increases should allow the Water Fund to progress to near break-even, however they are sufficient to only cover annual operating costs with no capacity for replacement of the aging water system infrastructure.

Although sewer charges increased each year by 5 cents per billing unit when first implemented, no increase has been scheduled since 2016. With the Village is no longer under a mandate from the Thorn Creek Sanitary District to reduce storm water infiltration, the Village has the flexibility to charge customers a maintenance rate that matches the level of expected infrastructure rehab projects each year. Results of sewer televising in 2018 will be used as a guide for future projects and may require a near-term rate adjustment.

*Garbage charges* – Customer charges are intended to fully recover the cost of services. The monthly customer increased in 2019 to meet the “break-even” goal. The FY 2020 contract rate with the new service provider is lower than the 2019 rate, so no rate adjustment will be required this year.

*Other Charges for Services* - Ambulance service billings make up most of this category and have stayed in a consistent range in recent years. Anticipated changes to the Medicare-covered collection process is the reason for the 9.5% expected increase in 2020.

**Licenses and Permits** – This source represents 2.5% of the Village's total revenues. For 2020 management is recommending an increase in liquor and gaming machine licenses. These fees have not been updated in over a decade and are well below our local peers. Building Department license and permit fees declined in the last year, back down to 2016 levels, however a Crime-free housing program is expected to be implemented in 2020, and additional revenues should be generated by the revised rental unit inspection process. Overall revenues are \$2,100 lower than the FY 2019 budget.

**Fines and Forfeitures** – Total fine and forfeiture revenue increases have slowed after almost doubling from 2014 to 2016. Because of the volatile nature of delinquent collections, the estimate of fine revenue for 2020 is deliberately conservative, projecting a 10% growth beyond the recent trend.

**Rent** – Rental income is scheduled to remain steady after the sale of rights and easement to the T-Mobile antenna in 2018, although a portion of the lump sum proceeds will be recognized in 2020. Rental income from the Bloom Township School Treasurer's Office remains unchanged from Fiscal Year 2019.

**Grants** – The largest increase in estimated revenue for FY 2020 is in the area of grants. Continuing from the past two years are the final distribution (\$66,666) of impact grant from the shutdown of St James Hospital, which is committed for use as the primary source of funding for a replacement ambulance for the Fire Department. Also continuing is the Village's participation in the IHDA grant program for the clean-up of vacant properties; revenue from this source is budgeted at \$16,000 for 2020. Police Department grants used for a variety of enforcement programs are budgeted at an increased level in FY 2020, and the Department continues to actively seek funding from both the State of Illinois and Cook County.

Newly included for FY 2020 are Federal ASG grants for the replacement of Fire Department SCBA equipment and fill station (\$126,000 and \$49,500) and for replacement of its front-line engine (\$575,000). While these revenues and their corresponding expenditures are included in the operating budget, purchase commitments for the equipment will not be made until notifications of grant awards have been made.

## **Expenditure summary**

Total proposed expenditures for all funds and all purposes are budgeted at \$9,918,835 for fiscal year 2020, an increase of \$1,907,439 from FY 2019's budgeted total and \$2,200,855 more than FY 2019's estimated actual. Because changes in debt service and large non-recurring capital costs can skew comparisons, year-to-year changes are better expressed for normal operating costs only. Excluding debt and capital expenses, total budgeted expenses for FY 2020 are \$423,167 (6.1%) more than FY 2019.

**General Fund** - General Fund expenditures recommended for fiscal year 2020 are \$6,246,291, an increase of \$984,268 from fiscal year 2019's expected actual and an increase of \$860,047 (16.0%) from fiscal year 2019's final budget.

*Public Safety* - This heading includes the Police and Fire departments and inspectional services of the Building and Code Enforcement Department. Total recommended expenditures of \$3,067,469 are \$228,154 (8.0%) more than FY 2019's final budget. Total wages and benefits increase by \$166,435 (8.1%) over the FY 2019 budget. Costs from the addition of a full-time officer and higher pension contributions increase the Police Department by \$140,892, and full-year costing of Fire officers stipends and changes to night shift pay rates increase the Fire

Department by \$20,044. Total contractual services increase \$46,995 (7.2%), but \$26,800 of this is attributable to cost increases for dispatch services to the Police and Fire Departments from Laraway Communications Center. The ambulance services contract is expected to increase just 1.0%. Capital outlays are planned for replacement of technology items in the Building Department (\$2,400), Police Department (\$6,000) and Fire Department (\$2,400) Vehicle replacements included are \$85,000 in the Police Department and \$605,000 in the Fire Department, although replacement of Engine 761 is contingent on award of a Federal AFG grant. Public safety equipment in the Fire Department, also grant dependent are for replacement of 18 SCBA airpaks (\$126,000) and a SCBA compressor/fill station (\$55,000).

*General Government* - This heading includes all of the Village's executive, administrative, financial and facilities maintenance activities. Overall expenditures are increased \$100,459 (7.6%) from fiscal year 2019's budget. Increases in personal services costs are mostly from post-employment benefits for new retirees (\$65,094), benefit costs for active employees increased \$28,335. Capital expenditures are budgeted for kitchen remodeling at Village Hall (\$5,000) and replacement of computer equipment and office furniture (\$5,500).

*Highway and Streets* - This heading includes the Public Works Department's operations. The total recommended operating budget of \$452,559 is 1.6% higher than the FY 2019 budgeted amount. This increase is primarily due to expected increased equipment maintenance costs. The only budgeted capital purchase this year is for road salt pre-treating equipment (\$3,400).

*Sanitation* – Budgeted expenditures increase by 0.8% as the Village enters year 1 with a new service provider. As noted above, user charges are expected to breakeven with no increase in 2020.

*Culture and Recreation* - Activities of the Recreation, Park Maintenance, Senior Center Maintenance Programs and Beautification and Historical Committees are accounted for here; Total operating expenditures decrease \$1,600 or 2.0% from the FY 2019 budget but increase \$3,900 from 2019's actual the cost of operating Summer programs is refined. Capital Outlays are limited to replacement of the PC and software at the Senior Center which controls the electronic message board and replacement of park equipment and park maintenance equipment.

**Motor Fuel Tax Fund** - Motor fuel taxes are restricted to use only in maintenance activities and projects authorized by the Illinois Department of Transportation. As in the past several years, Motor Fuel Taxes are budgeted for consulting engineering, road salt, and traffic signal maintenance. For FY 2020, \$250,000 has been budgeted for street resurfacing, location to be determined. Total fund operating expenditures are budgeted to increase 50.0% from the prior year, due to project engineering costs higher road salt pricing.

**Non-home Rule Sales Tax Fund** – Management recommends closure of this fund and transfer of its fund equity into the General Fund at the end of FY 2019. For FY 2020 revenues from this source will be in the General Fund.

**CDBG Project Fund** – The Village was awarded a \$200,000 CDBG grant for FY 2020. The project identified for this grant is Phase 1 of a water system improvement project, targeted at replacing water main valves.

**Tax Increment Financing Fund** – For FY 2020 expenditures include a new \$28,000 development agreement for improvements to LaPetite Plaza. In addition, consultant and appraisal fees are budgeted for marketing of properties within the TIF areas and for new development projects. The recommended budget includes \$14,000 for new street banners to improve the appearance of the TIF areas and a contingent \$25,000 for the acquisition of vacant

properties that may come on the market. Overall budgeted expenditures are 63.7% less than FY 2019's budget with the fulfillment of commitments to previous developers.

**Debt Service Fund** –In addition to accounting for the Village's Series 2015 General Obligation bonds (Public Safety building) the Debt Service Fund includes non-obligation debt for the purchase of an ambulance which will be funded through grants and a General Fund transfer.

**Water Fund** - Recommended operating expenses of the fund are budgeted at \$1,186,974, or 5.1% more than fiscal year 2019's budget. For fiscal year 2020 wages and benefits are recommended to change minimally from 2019's budget (down 0.9%, mostly in the benefit component). Contractual services are budgeted to increase \$18,950 from 2019's budgeted amounts, barring any unforeseen catastrophic main breaks. Water purchase costs are budgeted \$27,000 higher in 2020, as the water system continues to experience higher than expected water usage, compared to billed amounts. The most significant capital cost is for replacement of the pump management system at \$465,000, (along with \$32,000 in associated engineering costs), which is expected to be financed through a low-interest IEPA loan. The current installment of the water meter capital lease remains the same as the prior year.

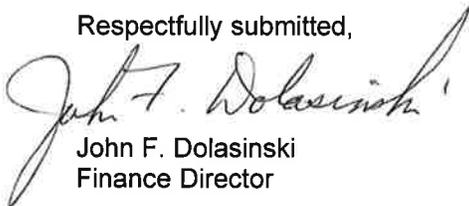

**Sewer Fund** – The recommended operating expenses of the fund are essentially the same as FY 2019. Most of these costs are actually the pass-through of sewer charges to the Thorn Creek Sanitary District. Thorn Creek has ended its mandate to reduce storm water infiltration, however the proposed FY 2020 budget continues the Village's sewer main rehabilitation program at the previous mandated levels. For the year \$125,000 in capital improvements are budgeted, along with \$10,000 for engineering, which is \$27,500 more than the prior year.

**Pension Funds** – Retirements of two police officers in 2019 and at least one in 2020 is expected to increase benefits expenses by 50.8% from the FY 2019 budget and 78.5% since 2018. In order to comply with State law to provide funding that meets the latest actuarially requirements, required employer contributions are also increased, \$71,150 the Police and \$3,200 for the Firefighters Pension Funds.

## In closing

The above explanation briefly summarizes the major sources and uses of funds in the FY 2020 recommended budget. Obviously, each individual fund must be examined in order to understand the impact of specific revenue and/or expenditure items. For additional information regarding specific departments and/or activities, please refer to the detailed budgets for each fund that follow.

Respectfully submitted,

John F. Dolasinski  
Finance Director
